Hello Ariane and Mark

We really enjoyed to participate to this new project in Granada about "Intergenerational Learning".

It was interesting to meet people from Spain, Cyprus, Greece, Romania.

It was a new experience.

We liked the visit of Ave Maria School, the time we spent with the Spanish to talk about scholar rhythm, with the Cypriot and Romanian about cost living, with the Greek about architecture.

It was a real pleasure to visit Granada.

Please find here the link to the photos we took in Granada.

Thank you, both Ariane and Mark, letting us participate in this program.

Both of you were very patient with us.

All was perfect.

We renew our especially thanks for your friendship.

Best Regards

Chantal & Jean-Pierre
